Education Units

**New** 10-hour online course now available! Build foundational knowledge and skills for working in substance use treatment and recovery services across BC.

## What you will learn

Best practices for providing non-stigmatizing, trauma-informed, culturally safe, humble, and compassionate care for people who use substances and are seeking recovery.

## Who it is for

This course is for anyone who interacts with people who use substances. It is particularly valuable for non-clinical staff working in substance use treatment and recovery settings who want to strengthen their understanding of best practices.

Including:

- Peer support workers
- Intake workers
- Counsellors
- Social workers
- Service operators
- Coordinators
- Supportive housing staff
- Administrative staff
- Students
- Volunteers
- Pharmacy assistants
- Medical office assistants and staff

No prior training required.
